Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

SIR:

Applicant respectfully submits that the "Reasons for Allowance" stated in connection with the Notice of Allowance, and in particular, the statement that the invention sends the second message out of the system and requires that derivatives of the second message be associated with the stored message, do not accurately or completely reflect the basis upon which the patentability of the claims allowed in this application has been established. In particular, claims 36 and 37 do not include these limitations. Furthermore, the statements do not accurately or completely reflect the basis upon which the patentability of the claims allowed in this application has been established, as more fully reflected in the record of this application as a whole. In the event these claims are litigated, Applicant reserves the right to contend that the stated "Reasons for Allowance" are inaccurate or incomplete and/or are inconsistent with the scope of the claims as reflected in the record as a whole.

Respectfully submitted,
